What happens?

Thousands of international students come to study English in Cambridge each summer. 'Cambridge International Outreach' (CIO) works in partnership with local churches to meet these visitors and then take the opportunities God gives us to bring the good news of Jesus.

On a team you would:

- Enjoy fellowship within an international team of around 30; learn from the Bible together and receive training in cross-cultural friendship and evangelism
- Run our evening international cafés, meet visitors from all around the world, spend afternoons developing friendships and making new contacts
- Share the gospel with visitors through conversations, Bible studies & church services
- For more information see cafi.org.uk/cio

From previous team members...

'Evangelism. I always thought it wasn't for me but now I realise how important it is for me. God gave me some people with whom I could share what I believe.'

'I've been encouraged to pray big because I've seen God answer our prayers here on CIO'

Is it for me?

The main requirements are a genuine Christian faith and a willingness to learn and serve (it's not a holiday!)

For each team we are also looking for some individuals particularly gifted in: catering for large groups, drama, bible study leading, mending bikes, music and teaching English to fill special roles.

Where would I stay?

Bed and Breakfast accommodation is provided free by local Christians.

Which teams?

Most team members stay for one team, but we value continuity over the summer and offer a discount if you can stay for more than one team. If you would like to help for more than two teams please do get in touch with us before applying.

...what is 'Team 3X'?

In the last week of CIO, we aim to introduce the longer-staying internationals to local Christians so the work can continue. If you are thinking of applying for Team 3, it'd be great if you could stay for this eXtra week.

When is it?

Team 1

9-23 July

Team 2

23-6 Aug

Team 3

6-20 Aug

Team 3X

6-27 Aug

Costs

Teams 1, 2 & 3: £125, or £160 for 2 teams; Team 3X: £140*

- CIO is run by Friends International Ministries in conjunction with local Christians and churches in Cambridge and in partnership with IFES.
- The outreach is a busy two weeks and can be tiring; we serve in God's strength but we do ask that team members are aged between 18-40. Ability to ride a bike would be helpful. Fluent spoken English is necessary.

*Please don't let financial difficulties stop you from applying.

Summer outreaches to international students also take place across the UK. Go to: <http://bit.ly/2eNIJ01>
